Editor of the Record:

It you will allow a "colored" reader to express a few words through the columns of your paper regarding the much-talked-of "negro question" and the "national election bill," I will take advantage of your permis

north cut a brief period, but from what I have seen of the two sections I claim the southern negro has more privileges than his northern negro has more privileges than he northern brother of the same race. Though I have used my utmost endeavor to avail myself of the "equal rights" so boastingly mentioned by the "friends of the negro" in the North, I am debarred from the workshops, from the counting-rooms, from official positions, or from any occupation I may see the same to warrent that which routes and to warrent that which routes are to warrent. seek, except that which requires me to wear the white apron badge of cook, or waiter, or as hod-carrier. I must seek only the po-sitions least renumerative, if not the most menial. When I pass along Lombard street, Philadelphia, I find that prejudice against them has crowded the negroes together like hogs in a pen, and I venture to assert that there is not a spot south of Mason and Dixon's line where the negro is in so much misery, or faces such squalid poverty, as the poor denizens of Lombard street and the other miserable quarters in which he has been compelled on account of his color to reside in the "good City of Brotherly Love."
It would be wise to let a little of the sympathy that arises from the love of the brother

Negroes have been sent from the South to the United States Senate, to the lower house of Congress, to the State Legislature, and they have held minor positions, but I have yet to hear of a "black Congressman" from he republican North-a single negro that has ever been considered good enough to hold the position of postmaster or any other position that requires an conce of brain work. It is well enough to live in the North and talk of negro domi-nation in the South, but where is the northern town, county, city or State that will swallow the same medicine? The northern negro is not born a slave, but he is just as effectually shut out from the advantages of humanity as though the chains were forged upon him. He can never be anything at the North but a "nigger" still, and the meudin sympathy so freely expressed for the "rights of the negro" down South can be better ex-

but on the one hand it will retard his progress. It is nearly thirty years since the war began. The majority of the old slaves have gone to their quiet home. A negro who can ever remember slavery must be about 35 years old. To have worked in a field under a master be must be close to 50 years old. Time and education is healing prejudices, and the two races in the South are drawing nearer together, but this 'fire-brand' shout to be ca-t in their midst by We have this day received another invoice of those pretty new OLIVE DISHES, FRUIT BOWLS, PICKLES, &c. that were so ropular when we introduced them here some time in the when we introduced them here some time in the megro in the end; for should there he a genspring. They are very cheap and so similar to cut glass that they are often mistaken for cut South would both unite against him. The strong projudice right here in the North is alone sufficient proof of my claim. Every blow struck at the whites of the South means two blows on the shoulders of the innocent and industrious negroes, who ack nothing more than the privilege accorded every American, whether he be native or adopted; and if he must fill the menial positions he should at least be assisted to heal projudice

Take Simmons Liver Regulator One Dose

DEAR S. L. R.-FRIENDS: I consider one dos of Simmons' Liver Regulator worth \$100. was constipated, had headache, could eat nothing with satisfaction or appetite; had the blues and felt altogether out of sorts. I resort d to blue mass, calomel, quinine and all remedies suggested, but only obtained temporary relief. One dose of S. L. R. did me more good than the \$100 worth of doctors and doctoring. Respectfully, T. C. MARKLEY.

I have been a teacher for twenty years, and during that time have had repeated attacks of headache, produced by torpid liver, and I have been cutirely cared by the use of Simmons' Liver Regulator. I found it to be of so mild a character in its action as not to interfere, in the least, with my duties in the school room. To those similarly situated and subject to same, I cannot too highly recommend Simmons' Liver Regulator.

The Southern Negro. The following communication appeared in the Philadelphia Record a few days ago:

Being a native of Danville, Va., and the son of a former slave, I have been living

in black to begin here at home.

The South has done, and is still doing, more for the negro than many suppose.

J. R. Zimmerman, tended in the North. Equally as many "outrages" are committed in the city of Philadelphia in one week as in the whole State of Virginia in one

brother to do what they will not do.

The "force bill" will not benefit the negro,
